

CLIP-ON PADDLE FLAG (EZ885)

Assembly

Kit should include window clip, two poles and flag.

Step #1: Insert pole into the window clip and twist to connect pole and clip.

Step #2: Take your second pole and connect with first pole. Take the flag and insert it from the top. Make sure the top tip of the pole slides completely to the top end of the sleeve.

Step #3: Next put the bungee cord through the loop at the bottom of the flag. Make a knot to secure flag.

NOT RECOMMENDED TO DISPLAY FLAG UNDER HIGH WINDS OR EXTREME WEATHER CONDITIONS.
